

WHO IS IT FOR?

- For all women who, from 35 years old, would like to rediscover an ideal skin quality: correct wrinkles – smooth surface irregularities – reduce spots and dyschromia.

KEY POINTS TO SAY AND REMEMBER

- The 1st anti-ageing peeling intervention to reveal a high-definition skin: smooth, flawless, luminous.
- The perfect replica of the sophisticated peeling of LaClinic-Montreux, which combines 3 complementary anti-ageing actions: PEELING – CORRECTION – PROTECTION.
- After using the complete PRODIGY Re-PLASTY HIGH DEFINITION PEEL routine for 15 days, the skin quality obtained is equivalent to an anti-ageing peeling session at LaClinic-Montreux\*.

\*Comparative tests between the Prodigy Re-Plasty High Definition Peel routine vs a peeling session at Laclinic Montreux Undertaken on 2 groups of 10 women at the University Hospital of Besançon by the SKIN EXIGENCE team under the scientific direction of Professor Humbert.

FORMULATION SECRETS

1. PEELING - the PEEL-SOLUTION (glycolic + phytic + lactic acids)

A mix of powerful active ingredients which replicates the exfoliating solution applied at Laclinic-Montreux. Available for the 1st time in a range of instant cosmetic interventions.

2. CORRECTION – Highly concentrated active ingredients (Pure retinol, LHA and HEPES) specific to each care for an intense anti-ageing action.

3. PROTECTION – Anti-UVA/UVB, anti-free radicals and optimal hydration of the skin.

RESULTS

- After using the complete PRODIGY Re-PLASTY HIGH DEFINITION PEEL routine for 15 days, the skin quality obtained is equivalent to an anti-ageing peeling session at LaClinic-Montreux\*.
- Visible clinical results: SMOOTHED WRINKLES – REDUCED SPOTS – GLOWING SKIN TEXTURE

USE

- Each PRODIGY Re-PLASTY HIGH DEFINITION PEEL product can be used on its own for a targeted anti-ageing corrective action or in a cure with other products of the range for a professional clinical result.
- Combine daily with a Day cream containing photo protection (SPF 10 minimum).
- Do not mix with another product containing Retinol
- In case of recurring discomfort, space out application. If the problem persists, stop application.

ANTI-AGEING PEELING PRODIGY

HIGHLIGHT A HIGH-DEFINITION SKIN
